kandula subramanyam

has successfully completed the online Specialization

Cloud Computing: Infrastructure and Platforms

This specialization introduces learners to the fundamentals of cloud computing, covering data networks, cloud technologies, and virtualization. Learners will gain hands-on experience with cloud platforms and tools, preparing them for advanced cloud roles.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.

Philip Matuszak
Adjunct Industry
Associate Professor,
Information Technology
and Management

Senior Software
Engineer

Marwan Omar
Associate Professor,
Information Technology
and Management
